SUMMARY

Currently, I am an Bachelor of Chemical Engineering at Sepuluh Nopember of Technology Institute batch 2021. I had several experience in organizations/committes and join research project. I like learning new things and finding new experiences especially in creative thinking, teamwork, and problem solving.

FORMAL EDUCATION

INSTITUT TEKNOLOGI SEPULUH NOPEMBER, INDONESIA (2021 – 2025)

Bachelor of Chemical Engineering, GPA: 3,34 out of 4,00 (Credits: 146/146)

SMA YPVDP Bontang (2018-2021)

Natural Science Major

WORK EXPERIENCE

- **PT. Pupuk Kalimantan Timur – As a trainee in Internship Program (July-August, 2024)**
Analyze Productivity, Operation Conditions, Operation Controlling to achieve productivity target especially in absorber tower unit operation at ammonia unit.
- **PT PLN (Persero) – As a Staff of Research Project “Pengembangan Baterai Aluminium-Air Laut (BALAUT)” (October 2024 – February 2025)**
A research project in collaboration between Chemical Engineering Department of Institut Teknologi Sepuluh Nopember (ITS) and PT PLN (Persero)
- **PT Pertamina (Persero) – As a Staff of Research Project “Pengembangan Baterai Aluminium-Udara” (October 2024 – April 2025)**
A research project in collaboration between Chemical Engineering Department of Institut Teknologi Sepuluh Nopember (ITS) and PT PLN (Persero)

EVENTUAL EXPERIENCE

CHEMICAL ENGINEERING INNOVATION FESTIVAL (CHERNIVAL)

Staff of Creative Design Division (2022 – 2023)

- Responsible for designing attributes or equipment to support branding publications and sub-event sustainability.
- Determine and make the layout of the design and equipment needed in making publications, branding and decoration tools

Co-Head of Creative Design Division (2023 – 2024)

- Responsible for designing attributes or equipment to support branding publications and sub-event sustainability.
- Responsible for coordinating the crew in working on the job description
- Responsible for making the timeline and work progress of the division

INI LHO ITS Bontang Regional Forum 2022 (ILITS)

Staff of IT Division (2022)

- Responsible for handling all media needs such as zoom, presentation, and others.

ORGANIZATIONAL EXPERIENCE

American Institute of Chemical Engineering (AIChE ITS SC)

Staff of Media and Branding (2021 – 2022)

- Responsible for handling all media related projects such as designing at AIChE ITS SC
- Handling event as a chief of Media and Branding work programs especially “Creative Class 2”

Badan Legislatif Mahasiswa FTIRS (BLM FTIRS)

Staff of Legislative (2023 – 2024)

- Responsible for monitoring the provision of BLM FTIRS to control the executive at the faculty.

UKM Rebana ITS (URI)

Staff of Media Creative Division (2021 – 2022)

- Responsible for handling all media related to work programs projects such as designing at UKM Rebana ITS
- Implementing Media Creative work programs.

Chemical Engineering Esport Community (CRESCO)

Head of CRESCO (2022-2023)

- Responsible for handling all needs of undergraduate students in community
- Managing a team on community to join internal and external competitions

CERTIFICATE

- Research Project “Pengembangan Baterai Aluminium-Air Laut (BALAUT) Sebagai Upaya Percepatan Elektrifikasi Wilayah 3T Tahap II bersama PLN”.
- Research Project “Pengembangan Baterai Aluminium-Udara Untuk Kendaraan Listrik bersama PT Pertamina”.

SKILL

- English Skill (TEFL ITS Score :477)
- Specialization at mixing unit operation (Digester/Pressure Reactor)
- Adobe package (Illustrator, Photoshop (Intermediate))
- Microsoft Office package (Microsoft Word, Excel, Powerpoint)

TRAINING

- **LKMM Pra-TD, FT-IRS, ITS (January 2020)**
Latihan Keterampilan Manajemen Mahasiswa Pra Tingkat Dasar is a training held by BEM FT-IRS ITS with aims to provide the participant's skill and knowledge about self management.
- **PKTI TD – HIMATEKK, FT-IRS, ITS (November 2019)**
Pelatihan Karya Tulis Ilmiah Tingkat Dasar is a training held by HIMATEKK, FTI-RS ITS with aims to provide the participant about writing and making science journal.
